The Kiwanis Club of Redlands honors fifth-graders in all Redlands Unified School District elementary schools with its Hope of America awards. The students, nominated by their teachers, are recognized for academic performance, outstanding citizenship and leadership skills.

The club invites winners from several schools to a luncheon, on a rotating basis from year to year. Principals, teachers and parents attend the luncheon with the students.

Students attending this year's luncheon, held April 25, were Hayden Rentz of Mariposa Elementary School, Angelica Vasquez of Kimberly Elementary School, Grace Foran of McKinley Elementary School, Brianna Ton of Cram Elementary School and Theophilus Gutierrez of Mentone Elementary School.
