

I'M IN THE PM SESSION OF IN PERSON HYBRID OR DISTANCE LEARNING INSTRUCTION- WHAT WILL MY DAY LOOK LIKE?

?????: **Rise and Shine!** You will want to figure out what time you need to wake up in order to eat a healthy breakfast, get dressed, brush your teeth and start asynchronously learning at 8AM. Then, organize yourself so you will arrive at school no later than **11:50AM Mondays, Tuesdays, Thursdays and Fridays**. **Wednesdays** you will be working asynchronously with short teacher check ins. ("asynchronously" means independently, or by yourself).

MONDAYS, TUESDAYS, THURSDAYS AND FRIDAYS

11:30AM to 11:50AM: Arrival and screening- You will go to your arrival gate. There is a map on the back of this form that shows where to go. An adult will take your temperature and ask you to answer the screening questions. Once that is done you will go to your line up area. Remember, we always stay 6' away from another person and always wear our mask above our nose. You are going to be excited to see your friends- we understand. But please remember that we aren't able to hug them, or shake hands- this is a no contact zone!

11:50AM TO 2:10PM: In Class Instruction-Your teacher will pick you up from your line up area. You will be in a classroom with your teacher and your "color cohort". Each teacher has a different color and throughout the day you will stay with your cohort. As you are only with your teacher for a little over two hours, there is no formal "recess" or "snack" time, but your teacher will include outside learning opportunities as needed. You may bring a snack, but you may not share your snack. Also, everyone will get a bathroom break.

2:10PM-2:30PM: Dismissal-You will be dismissed and you will walk to your pick up area-keeping in mind the 6' distance rule, and keeping your mask on. **If you have a younger sibling you will line up with them for pick up.** If you walk home, you will walk home. You will have an opportunity to pick up a Grab and Go lunch if you so desire to have before school the next day. There will be an adult supervising your pick up area if you need assistance.

WEDNESDAYS

8:00AM-1:15PM: Asynchronous Learning from Home. The exact end times may be different for every grade level, but the learning time will equal the required daily instructional minutes.

What happens if I get sick? We take care of you just like we always do! You will come stay with us in the office and we will get ahold of your grownup. Don't forget that our office has moved!
