Assistant Principal

Dear Monarch Parents, Guardians, and Students,

Welcome new and returning Monarch students and families to the second semester of the 2022-2023 school year at Moore Middle School. As both a principal and a parent, I am honored to be part of such a special school that focuses on a positive environment to support a great learning atmosphere. I am eager to work with all of our community to ensure Moore Middle School continues to provide exceptional and accessible educational and personal growth opportunities for all students.

Safety of our students and staff, as always, remains our top priority and we work with students to ensure they know our expectations at Moore and follow them throughout all their classes. We will continue with our safety drills and lessons for each scenario so students know what to do and expect.

Middle School is a time of great change for students. During this time, we find that social media plays a huge part in most of all negative social interactions that occur. Students in this age range really struggle to understand how to interact and communicate appropriately in these forums. Most negative social interactions in middle school are escalated through social media. As a result, we will continue enforcing our cell phone policy.

Moore staff is honored and committed to work with you to provide your children with a high level of academic and social-emotional support as they navigate their way through their middle school life. We will continue our journey to improve the quality of instruction we are committed to reflect on our own professional practices and expectations for students and ourselves while maintaining a positive culture and climate at school. Thank you for celebrating your child's academic successes and supporting the opportunities for improvement. I look forward to working with you and your child.

Best Regards,

Vincent Gutierrez
