

Moore Middle School

Virtual Classroom Expectations

10 Tips for Success

1. Arrive to class on time.

- Use Google Classroom to get your live Zoom or Google Meets link – check this regularly!

2. Have your camera on.

- Attendance will be taken daily!

3. Use your real name.

- You will not be admitted to class if your teacher does not know who you are!

4. Mute your microphone when not talking.

- Background noise is distracting for others in class.

5. Follow school dress code.

- Inappropriate logos and words on clothing/accessories is not acceptable.

6. Use a neutral background.

- You may want to hang a plastic table cloth or sheet behind you.

7. Use chat only for appropriate conversation.

- Chat is recorded too! Make sure your conversations are on topic.

8. Keep cell phones and other electronic devices put away during class.

- Take full advantage of this opportunity to participate with your class.

9. Stay in class until dismissed.

- Leaving early can result in a “tardy” the same as arriving late!

10. Do not share Google classroom codes, Zoom links, Google Meets links, or other classroom access with anyone not in your class.

- Uninvited guests will be a distraction to your class.

Effort, Kindness, and Respect is key! Be the best that you can be!
