EDUCATION: Equivalent to the completion of the twelfth grade, supplemented by college-level courses and/or experience in maintenance administration, accounting, business management, or closely related fields.

EXPERIENCE: Five years of skilled and increasingly responsible experience in building construction, maintenance and custodial work of which at least two years shall have been in a supervisory capacity.

KNOWLEDGE OF: Tools, materials, working practices and methods of the building trades; materials, equipment, working procedures and methods required in a school district building and grounds maintenance program, and in the repair and minor construction of school facilities; landscaping, plant propagation, soils, insecticides and gardening tools; laws affecting the maintenance, repair and construction of school buildings; cleaning and custodial procedures and standards; principles of supervision, training and management.

ABILITY TO: Plan and supervise a district-wide maintenance program; train and supervise skilled, semi-skilled and unskilled custodial, building, and grounds maintenance personnel; read and interpret building plans; plan, direct and supervise the renovation, remodeling, cleaning, or major repair of school district facilities; prepare estimates of the material and labor costs of maintenance projects; develop and maintain cooperative working relations with school administrators, contractors and others contacted in the course of the work; follow written and oral directions; prepare and present oral and written reports.

LICENSE: Possession of an appropriate California operator's license issued by the State Department of Motor Vehicles.

PERSONAL

QUALIFICATIONS: Character, personality, and proper social capability to relate effectively with racially and ethnically diverse staff, students, and community. Demonstrated ability to work with a wide variety of community groups and organizations.

BRIEF DESCRIPTION OF POSITION

Under the direction and supervision of the Maintenance, Operations, and Transportation Director, plan, organize and supervise the maintenance, cleaning, repair and alteration of buildings, equipment and grounds, and the custodial function involved in the care of buildings and grounds. Responsible for overseeing and periodically evaluating District sites for compliance with the William's Act and in alignment with the Local Control Accountability Plan's (LCAP) Safe and Clean Schools goals.

DUTIES AND RESPONSIBILITIES

As assessed by the Director, the outcome of the Manager's job performance will be as follows:

1. Work orders from the school principals and administrative office for buildings and grounds maintenance, and construction work will have been checked and reviewed in a timely manner.
2. The maintenance staff for district-wide buildings and grounds maintenance programs will have been scheduled in an appropriate and timely manner.

3. Assignment of job priorities and work orders with foremen will have been regularly reviewed.
4. District records of materials ordered or on hand will be accurately kept.
5. Work schedules of renovation, remodeling and repairs of school district buildings and grounds facilities will have been effectively assigned.
6. The cost of projects will have been accurately estimated.
7. Plans and specifications for sprinkler systems, landscaping and other improvements will have been accurately and effectively prepared.
8. Itemized budgets for buildings and grounds maintenance operations to be performed by district crews will have been competently prepared and submitted to administration office for approval.
9. District budget requests, and projected district-wide maintenance and construction needs will have been competently coordinated with district officials.
10. Approved district expenditures for buildings, grounds maintenance and repair work will have been appropriately requisitioned.
11. Policies for the recommendation and hiring of job applicants for employment will have been appropriately developed and effectively implemented.
12. A training program for new employees will have been effectively implemented and supervised.
13. Oral and written reports will have been effectively prepared and accurately submitted.
14. Consultation with administrative officials, contractors and architects upgrading new construction activities as they relate to future building and ground maintenance work will have been capably and effectively conducted.
15. A preventive maintenance program will have been effectively initiated and implemented.
16. An effective program for upgrading district facilities will have been implemented in a responsible manner.
17. During the summer months in the absence of the principals, the Manager will have been responsible for an effective cleaning program by custodial staff.
18. The Manager will effectively assist the law enforcement agencies and/or school district officials in evaluation of school damage and expeditiously make temporary repairs when needed.
19. District buildings and grounds equipment safety inspections will have been conducted in a timely manner.
20. District catalogs and files of all vendors and purchases will have been accurately kept.
21. District purchasing of maintenance materials through central administration will have been accurately accomplished with proper budget classes, requisition numbers or work order numbers.
22. Contacting vendors and obtaining quotes for best prices, arranging for purchase and delivery will have been expeditiously carried out.
23. The supervision of the District's swimming pools' records and supply procurement will have been effectively implemented and coordinated.

24. Assigned personnel will have been adequately supervised and appropriately evaluated.
25. Timely and effective communications regarding incidents and/or situations which might impact the district, its divisions or its schools will have been consistently provided to appropriate district office/school personnel.
26. LCAP goals related to Clean and Safe Schools and Williams' Act will have been capably achieved.
27. Periodic facility evaluations of District sites for compliance with the William's Act and LCAP goals will have been effectively performed.
28. District sites will have been thoroughly evaluated to identify needed maintenance.
29. Written assessment of each facility evaluated will have been capably prepared.
30. Written assessment of custodial or maintenance service deficiencies found will have been prepared.
31. Recommendations for improvements in services or corrective actions will have been made.
32. Follow-up to the completion of work orders, enhancements and/or maintenance will have been expeditiously carried out.
33. Summer cleaning teams will have been effectively coordinated, monitored and supervised.
34. Input to site administrators to evaluate, develop and/or modify custodial work assignments and routes, when requested, will have been provided.
35. Work orders for needed maintenance will have been submitted.
36. Manager will have capably participated in or led meetings based on data gathered from Maintenance and Operations tasks.
37. Manager will have appropriately supported and assisted in the development of presentations or documents for appropriate personnel and committees regarding LCAP reviews and goals.
38. Active and consistent efforts will have been made to maintain or improve the external and internal image of the district, its divisions and its schools.
39. Appropriate data in support of the status of Annual Objectives and Job Description elements will have been gathered.
40. An on-going plan and schedule for caring and maintaining artificial turf surfaces will have been capably prepared.
41. Renovation and refurbishment projects will have been managed, when appropriate, and prioritized with input from site and District administrators.
42. Active and consistent efforts will have been made to review custodial routes, supplies, and tools for best practices and efficiency.
43. Other duties assigned by the Director will have been effectively accomplished.
