College and Career Pathways – Parent Information Guide

2018-2019

The **State College/Career Indicator** contains both college and career measures that recognize which students have pursued various options prior to high school graduation in order to be best prepared for their post-secondary options. (More information can be found at <https://www.cde.ca.gov/ta/ac/cm/cci.asp>.)

The three levels that measure post-secondary preparedness in the College/Career Indicator (CCI) are:

- Prepared
- Approaching Prepared
- Not Prepared

What does this mean for my student?

- The indicators **do not** affect a student’s graduation - students’ ratings directly affect the school site/district.
- Graduating in the **prepared** category does not necessarily mean a student is ready for UC (A-G) level instruction.
- The most important thing is to graduate – all the other items (A-G, CTE Pathways, Dual Enrollment, AP exams) are the items that expand **opportunities** for students.
- The more students complete **now** (in high school), the more opportunities for **post-secondary** (after high school) career paths.

As the following chart shows, students have many opportunities to graduate high school in the “Prepared” category.

Not Prepared	Approaching Prepared	Prepared
No Diploma	High School Diploma and A-G Completion	High School Diploma and Pass Two AP Exams (score 3 or higher)
Did not meet criteria for Approaching Prepared or Prepared	High School Diploma and CTE Pathway Completion	High School Diploma and Two Semesters Dual Enrollment (grade C or better)
	High School Diploma and Smarter Balanced 2+ on ELA and 2+ on Math	High School Diploma and CTE Pathway Completion and Smarter Balanced 3+ on ELA and 2+ on Math
	High School Diploma and One Semester Dual Enrollment (grade C or better)	High School Diploma and CTE Pathway Completion and One Semester Dual Enrollment (grade C or better)
		High School Diploma and A-G Completion and CTE Pathway Completion
		High School Diploma and A-G Completion and Pass One AP Exam (score 3 or higher)
		High School Diploma and A-G Completion and Smarter Balanced 3+ on ELA and 2+ on Math
		High School Diploma and A-G Completion and One Semester Dual Enrollment (grade C or better)

CTE Pathways are one component students may use to graduate high school in the “Prepared” category.

- ★ Pathways are considered “highly qualified” if they are taught by an appropriately-credentialed CTE teacher, aligned to CTE Model Curriculum Standards, 300 or more classroom hours, and approved in their order of sequence

Here is a summary of the CCI-Approved Pathways at each of the RUSD Comprehensive High Schools:

<u>Citrus Valley High School</u>	<u>Redlands East Valley High School</u>	<u>Redlands High School</u>
1. Child Development	1. Design, Visual, and Media Arts	1. Child Development
2. Engineering Design	2. Education	2. Design, Visual, and Media Arts
3. Engineering Technology	3. Marketing	3. Entrepreneurship/Self-Employment
4. Entrepreneurship/Self-Employment	4. Mental and Behavioral Health	4. Family and Human Services
5. Food Services and Hospitality	5. Networking	5. Food Services and Hospitality
6. Game Design and Integration	6. Patient Care	6. Information Support and Services
7. Patient Care	7. Product Innovation and Design	7. Patient Care (HEART Academy)
8. Production and Managerial Arts – Stage Technology	8. Systems Diagnostics, Service, and Repair	8. Product Innovation and Design
9. Public Safety		9. Systems Diagnostics, Service, and Repair
<i>NOTE: The Design, Visual, and Media Arts Pathway exists but is not currently CCI-approved.</i>		

When requesting registration for CTE Pathways, please consider the following information:

- Courses should be taken in the **order** as they are listed in the pathway sequences
- Consider the **rigor** of the course before enrolling – most pathways are not recommended for students until at least 10th grade
- Students must complete a minimum of two years (300+ hours) of coursework, including the Capstone/Completer course, in order to **complete** a pathway.
- Career Express Online (**CEO**) **Courses** are available to 9th-10th graders during the school day as semester-long introductory-level career exploration courses.

What does it mean if a course is articulated?

- It means there is an existing agreement between the high school where the course is taught and the college(s) that allows students to receive **transferable college credit** while taking high school courses.
- To earn the FREE college credit, students need to earn a **B- or higher** in the high school course.
- Some RUSD courses articulate for **multiple courses**.
- Individual course instructors will have more information about their course articulation process.
