

ATTENDANCE MATTERS

WHY? ATTENDANCE IS THE NUMBER ONE PREDICTOR OF STUDENT SUCCESS

When Do Absences Become a Problem?

CHRONIC ABSENCE
18 or more days

WARNING SIGNS
10 to 17 days

SATISFACTORY
9 or fewer absences

GET INVOLVED

The best way to get your child interested in school is to get them involved. Join a club! Play a sport! Even the smallest change will make a

BIG IMPACT!

What You Can Do:

- ◆ Regularly talk about the importance of school.
- ◆ Establish and maintain routines, such as finishing homework, regular bed time and wake ups.
- ◆ Only allow your child to stay home if they are truly ill. Mild symptoms do not warrant a child staying home.

DID YOU KNOW?

- ◆ Students should miss **NO MORE** than 8 days of school per year.
- ◆ Students who do not want to attend school are often struggling with other serious issues including: bullying, poor academic progress and social emotional issues.
- ◆ Attendance is a vital life skill that will help your child find success in the post-secondary world.

How are schools funded?
