Hello Clement 8th Grade Parents and Students,

The annual RUSD-AAUW STEM Conference will be held virtually this **Friday, March 5th**. We are excited to announce that all of our 8th grade girls will have the opportunity to participate in this important event as part of their regular instructional day.

- The event will take place from **8:30 AM to 11:50 AM**.
- A link for the event will be sent to your **student's RUSD email** on Thursday, March 4th.
 - Students will use this link to pre-select learning sessions, and to attend the conference at 8:30 AM on Friday, March 5th.
- Students will have the opportunity to participate in three workshop sessions in the fields of Science, Technology, Engineering, and Math. Sessions will be hosted by an RUSD teacher and a community partner in one of the respective fields.
 - Session links will be provided in the email sent on Thursday.
- **Conference handouts** will be made **available** on the **Class of 2025 Google Classroom**.
 - If you would like a hard copy of the conference handouts, packets are available for pick-up today and tomorrow at the front office. The office is open from 7:30 AM to 4:00 PM.
- Students who attend the conference will not be responsible for the learning activities in their Period 4 and Period 5 classes that they will miss.
- Students are expected to attend their Period 6 class after lunch beginning at 12:35 PM.

We hope our students will enjoy this amazing opportunity to meet professionals in STEM related career fields and learn more about the possibilities that await them in their future.

If you have any questions regarding this event, please contact your student's Science teacher.
