

Redlands ASES After School Programs Announcement

June 10, 2021

To: All Creative Brain Learning Families

We want to let all of our families know that Creative Brain Learning will not be the provider for our ASES After School Programs next year. Please be assured that the after-school programs will continue next year, and beyond. Redlands Unified is currently reviewing proposals from other providers and will be selecting one shortly, to provide service at all of the elementary sites with the ASES after school program in the coming school year.

We sincerely thank the Creative Brain Learning and especially their staff at each of our sites for their service over the past 2 years. Together we have achieved our goal of providing the best possible programs for your students, even through the most challenging times. We hope that your student has enjoyed the program and benefitted from the opportunities that they have provided. Creative Brain staff truly gave their best each day to create a safe and supportive environment for our students and we know our students grew in many ways because of their dedication.

We want to keep you informed as we transition providers with the information you will need to register your student for next year. Registration for the 2021-2022 school year will begin this summer, and we anticipate being able to open registration in July. If you have not yet signed up for the interest list to be notified when registration begins, we encourage you to do so today at: <https://bit.ly/RedASES21>.

Redlands ASES programs are committed to providing the highest quality programs for our students. If you have any questions or concerns regarding this change, please contact our office at 909-748-6909, or via email: cherish_bohlman@redlands.k12.ca.us.

Sincerely,

Cherish Bohlman, ASES Liaison
