January 2020

Dear Parent/Guardian,

Redlands Unified School District is continuously working to develop programs to support increased learning opportunities for our students, as well as expand their achievement with the California Dashboard educational success indicators. As part of this effort, we are pleased to announce that this summer, RUSD students will have the opportunity to participate in credit advancement summer school courses at no cost to the student. The online process to register for this opportunity will open March 2nd at 7:00am via links on your student's high school website. Registration is limited to staffing, and once enrollment capacity is met, student registration will move to a waiting list.

Redlands Unified School District is committed to promoting student success through the offering of rigorous and appropriate courses to meet each student's individual needs. Every effort will be made to differentiate our programs to meet this objective. If you have any questions regarding this process, please do not hesitate to reach out to myself or your student's counselor for further clarification.

Thank you for your support.

Julie Swan
Director, Secondary Education
