January 2020

Dear Parent/Guardian,

Redlands Unified School District is continuously working to develop programs to support increased learning opportunities for our students, as well as expand their achievement with the California Dashboard educational success indicators. As part of this effort, we are pleased to announce that this summer, credit and grade recovery courses will be available to students who previously earned an F or D in the same subject through a teacher facilitated online program via Edgenuity, with the exception of PE and ELD which will be teacher instructed. Integrated Math I and Integrated Math II students will have a choice between the two programs.

Redlands Unified School District is committed to promoting student success through the offering of both rigorous and appropriate courses to meet each student's individual needs. Every effort will be made to differentiate our programs to meet this objective. If you have any questions regarding this process, please do not hesitate to reach out to myself or your student's counselor for further clarification.

Thank you for your support.

Julie Swan
Director, Secondary Education
