2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The staff at Kimberly Elementary School is dedicated to the development of individuals who, through real-life problem-solving experiences, personal accountability, and overall academic excellence will demonstrate the skills, concepts, and goals needed to be productive members of the world community, showing confidence in themselves and sensitivity to others and their environment. The vision and mission of Kimberly Elementary School supports that of the Redlands Unified School District's RUSD 2025 Vision.

Kimberly Elementary School opened for grades K-3 in September, 1957. Currently, the school has a Transitional Kindergarten through 5th Grade enrollment of approximately 520 students with a diverse population that includes approximately 38% White, 38% Hispanic, 7% Asian, 11% Multi-Ethnic, 5% Black/African American, less than 1% American Indian, and less than 1% Hawaiian/Pacific Islander. Included in the student body are two special education mild-moderate classes and three special education moderate-severe classes with a focus on life skills. Kimberly has one principal, one part-time assistant principal, twenty-one general education teachers, six special education providers, and three intervention teachers. In addition, the school has one art enrichment teacher, one physical education enrichment teacher, and one music enrichment teacher on a rotating trimester basis, two speech and language pathologists, and one part-time school psychologist. There are approximately twenty-five special education paraprofessionals, a library media clerk, a health technician, and six part-time campus monitors. Kimberly also has two full-time and one part-time office secretaries and two custodians.

Kimberly Elementary offers a variety of interventions and programs to support students with special needs. A reading/writing intervention pull-out program (W.I.N.-"What I Need") and a math intervention pull-out program are provided for academically at-risk students in grades K-5. For the 2021-22 school year, the WIN intervention program was suspended; reading and math intervention is provided in a push-in model through Extended Learning Opportunity funding. Special education services are also offered through the Specialized Academic Instruction program (SAI), which provides for a teacher and instructional paraprofessional support through pull-out, in-class consultation, or a special day class setting. The Language, Speech, and Hearing Program (LSH) serves students with needs in articulation, language, or other speech-related issues. Approximately 30 English Language Learner students are served through designated English language instruction. Kimberly's approximately 20 GATE students receive instruction commensurate with their abilities and access to challenging extracurricular activities/programs, such as the annual AstroCamp program.

The PeaceBuilder Program has been implemented as a conflict resolution and violence prevention program for over ten years

2021-22 School Overview

and is an integral part of the Kimberly community. The school also offers a variety of extra-curricular clubs and organizations to provide students with enriching and creative opportunities for growth. These clubs and organizations include: Running Club, Math Club, Chess Club, Chorus, Band, and Friendly Helpers. Equally important to the school are the many parent volunteers who provide numerous hours of valuable service in the classroom, as well as on the Parent Teacher Association (PTA), School Site Council (SSC), and English Language Advisory Committee (ELAC).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The California State Board of Education reviews elementary level textbooks and adopts those that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District through a committee of teachers and administrators. They review the materials that have been approved for purchase. Teachers at each site have an opportunity to preview texts prior to selection. Textbooks are selected and purchased on a seven-year cycle, rotating by content area, as budget permits.

Copies of student books are available at the Redlands Unified School District Office for parent review. All programs feature a variety of instructional materials and technology to enhance the instructional program for our students. Each student has available a copy of all necessary textbooks and curriculum materials in the classroom.

School Facility Conditions and Planned Improvements

The safety and cleanliness of the school's facilities is of utmost importance. The staff believes that all students and parents expect and deserve a clean, safe and healthy school environment. The school is fortunate to have large green spaces as well as several painted murals that adorn the playground and multi-purpose room. Facilities include standard classrooms, portable classrooms, an office building, a multipurpose/cafeteria building, kitchen, restrooms, three playground structures with age-appropriate components, blacktop space with games and sporting equipment, a running track, a fitness course, large field spaces, a rose garden, a sensory garden, and a multi-use garden.

The staff, students, and parents at Kimberly take pride in the well-maintained school facilities and voluntarily participate in regular gardening and clean-up sessions. The governing board has adopted cleaning standards for all schools in RUSD. A summary of these standards is available at the school office, at the District Office, or at www.redlands.k12.ca.us. The principal works with the district office and custodial staff to develop cleaning schedules to ensure a clean and safe school. When maintenance and repairs are needed, the site custodians are notified or work orders are submitted to the district's service center where district personnel are dispatched in a timely manner to make any necessary repairs. The school's green spaces are regularly maintained by the district's grounds crew.

Age of School/Buildings: Kimberly was built in 1957 and underwent "modernization" in 2003. Technology infrastructure was upgraded most recently in July, 2018. The newest playground structure was completed in August, 2018. The exterior of the school buildings was painted in July, 2020.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Kimberly Elementary School offers a variety of opportunities for parent involvement. The PTA is highly active and supportive, providing opportunities for parents ranging from a few volunteer hours per year to chairing committees and being involved on an on-going basis. PTA membership averages over 400 members annually. Each year PTA sponsors fundraising projects and uses the proceeds to support student enrichment programs and class field trips. PTA also sponsors several educational assemblies as well as the annual Ice Cream Social, Fall Festival, Family STEAM Night, Reading Month, Family Reading Night, Reflections Art Program, and the annual Spaghetti Dinner. In addition, Kimberly's PTA reserves funds or donates towards capital projects, such as murals. The students and staff are fortunate to have such an active parent organization.

Kimberly School has other groups for parents to be involved in as well, including School Site Council and the English Learner Advisory Committee (ELAC). Additionally, each quarter a 'Coffee with the Principal' meeting is open to all parents. A variety of school topics and issues are discussed throughout the year and an opportunity for questions is provided.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	0.46	0.00	3.62	0.22	3.47	0.20
Expulsions	0.00	0.00	0.02	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Kimberly's School Safety Plan is reviewed with staff at the beginning of the school year with specific focus on procedures for fire drills/emergencies, earthquake drills/emergencies, and lock-down drills/emergencies. The School Safety Plan was reviewed by the school site council at their monthly meeting on October 28, 2021. Input from the school safety committee, school leadership team, and school site council as well as suspension/expulsion reports and staff observations is used to make informed decisions regarding school priorities, protocols, rules, and expectations to ensure students are physically, socially, and emotionally safe at school. The School Safety Plan's goals include maintaining a safe and clean campus, and providing a welcoming atmosphere for children, parents, and other visitors while effectively maintaining a closed campus before and during school.

Campus monitors, teachers, and the principal supervise four designated entry points and the school grounds throughout the day, including the bus drop-off area, cafeteria, and playground. Two of the student arrival/dismissal gates were changed in Spring, 2021 to better support social distancing and traffic patterns. Signs are posted to indicate that all visitors must report to the administration office and may not be on school grounds unless they have a visitor's pass. Entry doors to the main office were re-configured during the 2019-20 school year to direct all visitors through the office before accessing other buildings or areas on campus during the instructional day.

2020-21 Types of Services Funded

Special Education Services-A wide range of special education services are available to students based on their areas of need and qualifying eligibility area. These services are provided based on IEP team decisions and by staff with credentials, certificates, and/or degrees in specific areas.

English Learner Services-Both in-class and pull-out services are available for students whose primary language is not English. Designated instruction is provided by the classroom teacher-of-record and, whenever possible, an intervention teacher with special training in instruction for English learners.

Free/Reduced Lunch Program-Students are eligible to participate in the federally funded free/reduced lunch program based on family income and other household information during years in which the district does not qualify for Community Eligibility Provision non-pricing meal service. To determine eligibility, parents must complete an application. Redlands USD currently qualifies for Community Eligibility Provision non-pricing meal service for all students and Kimberly ES participates in the Educational Benefit Survey in lieu of applications.

2019-20 Teacher and Administrative Salaries

Professional Development

Kimberly teachers regularly engage in professional development sessions at the school site and district level. Each year one full day and four partial days are dedicated to professional development on-site, at a minimum, on topics such as reading, math, writing, classroom management, curriculum, intervention, technology/innovation, or data analysis. In addition, the district office provides numerous full day and partial day trainings/workshops during the school year and during breaks. For the 2018-19 and 2019-20 school years, two full-day sessions were provided on English learner instructional strategies. For the 2019-20 school year, professional development was also provided for the newly adopted history-social science curriculum and digital-storytelling. For the 2020-21 school year, professional development was provided on a variety of topics to support teachers' preparation for and transition to distance learning. For the 2021-22 school year, professional development was provided on Universal Design for Learning. On-site professional development for the 2021-22 school year focused on STEAM topics, including coding, robotics, and engineering. Occasionally, teachers voluntarily attend professional development off-site, such as the CUE Conference. New teachers are supported through the BTSA program and teachers in need of improvement are supported through the Peer Assistance and Review (PAR) program. Partial-day professional development for classified staff is provided by the district office throughout the school year.

All district and school training is aligned with California Standards for the Teaching Profession, Common Core State Standards, Next Generation Science Standards, History-Social Science Framework, STEAM/innovation, or other pertinent policies and topics. In addition to staff development days mentioned above, weekly after-school meetings are used to analyze student data, collaborate on grade level goals, conduct staff meetings, support professional learning communities, score student writing samples, or host presentations by district personnel.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
