2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

As Principal of Cram Elementary School, I am pleased to present to the community our School Accountability Report Card. In November, 1988, California voters enacted Proposition 98, which establishes an ongoing minimum funding guarantee for public schools and provides for the development and issuance of a School Accountability Report Card for each school in the state. The Redlands Unified School District Board of Education then adopted a policy in August 1989 that such a Report Card shall be established for each school in the District. "The purpose of the School Accountability Report Card shall be to communicate important information to parents and other interested parties in the community about each of our public schools, and in this way, guarantee accountability for dollars spent." (AR 6810) Since the re-establishment of Cram Elementary School in 1997, we have had the opportunity to present our report card annually. Cram families and alumni take special pride in this school and its over 100-year heritage. Our active PTSA, School Site Council, ELAC and classroom volunteers all reflect this pride. Students are motivated to reach their full potential in safe, orderly, and clean classrooms and school. Discipline is strong and consistent; serious incidents seldom occur. The school focuses on behaviors of Character Counts, and has established specific location expectations across our campus. School spirit and positive reinforcement of good citizenship are rewarded through a variety of activities for students. While there are areas in the Report Card that highlight our program strengths, we have also continued to identify the area of mathematics and problems solving, as well as writing as a top priority for our program. Cram Elementary School puts a strong emphasis on reading and language arts, as well as mathematics curriculum for our students. Based on the 2018-2019 CAASP data, the Redlands Unified School District has a focus on mathematics. Cram Elementary School will align in this focus and provide specific professional development in this area. As we continue in our second century of high quality instruction for students at Cram Elementary School, this is an appropriate time to present to you our School Accountability Report Card, outlining our history, our current challenges, and the bright future for Cram students. School Summary Cram Elementary School is administered by the Redlands Unified School District, which serves 150 square miles of San Bernardino County, one of the fastest growing areas in California. The Redlands Unified School District serves fourteen elementary schools, four middle schools, two comprehensive high schools, and one alternative high school. The total enrollment in the district during this year is over 21,000 students, kindergarten through twelfth grades. Cram Elementary School has a rich history and traces its origins back to 1869, when the first school was built on land donated by Lewis Cram in the area known as Cramville. Andrew Cram (the first Lewis Cram child to attend the school) described that first school as a "...little building, 16 x 24 feet, rudely constructed with merely framing timbers and boards on the outside, and without a ceiling." The first class at this school had 17 pupils in attendance. Since that time, there have been five additional Cram Schools: 1878, 1882, 1902, 1958, and finally, 1997. The current school opened its doors to students on September 9, 1997, and houses approximately 660 students. The school is a combination of permanent and relocatable buildings, and includes a multi-purpose

room, a library, a computer lab, administrative offices, and twenty-nine classrooms. The school mascot was established as “the cardinal” back in the early 1900’s, and continues today. Students are involved in a variety of programs and services at Cram Elementary School including instrumental music (grades 4-5), Gifted and Talented Education (grades 3-5), Special Education (Specialized Academic Instruction and Language, Speech and Hearing services; grades K-5), and the English Language Learner Program (grades K-5). The staff, parents, and community of Cram Elementary School, a school rich in history, are committed to: * Creating a safe, nurturing educational environment. * Applauding the uniqueness of each student, and fostering the development of positive self-esteem. * Reinforcing students’ sense of responsibility, independence and mutual respect. * Developing the whole child – academically, socially, emotionally, and physically. * Instilling a lifelong love of learning in our students. * Nurturing the development of adaptable, flexible thinkers. * Assisting students to develop to their fullest potentials. * Leading students successfully into and through the 21st century equipped to contribute to our schools, communities, nation, and world. * Striving continuously for the highest levels of academic excellence! This year will be a year of continued work to ensure the success of ALL children. We have worked hard to establish a school filled with support and positive strategies for our students. We will focus on our goal of EACH child meeting or exceeding the state and district grade level standards in academics.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The California State Board of Education reviews elementary level textbooks and adopts those that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District through a committee of teachers and administrators. They review the materials that have been approved for purchase. Teachers at each site have an opportunity to preview texts prior to selection. Textbooks are selected and purchased on a seven-year cycle, rotating by content area. All Cram Elementary School students are provided with all state and district adopted materials. Each student has available a copy of all necessary textbooks and curriculum materials in the classroom.

School Facility Conditions and Planned Improvements

Students and staff work hard to keep our new campus clean and safe. A litter-free environment is emphasized; custodians clean the campus daily. A strong feeling of school pride and ownership is present as all take responsibility for the upkeep of our school.

The staff has worked to develop a comprehensive disaster plan for our school. Practice drills continue to take place each month to prepare staff members and parent volunteers in procedures for a disaster. The plan is communicated to students and to parents and enables staff and students to remain as calm as possible as they deal with the events surrounding a disaster such as an earthquake, flooding, or a fire.

The staff at Cram Elementary School and the Redlands Unified School District work diligently to maintain a safe, clean campus for students of our community to attend. The governing board has adopted cleaning standards for all schools in RUSD. A summary of these standards is available at the school office, at the District Office, or at www.redlands.k12.ca.us. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. When maintenance and repairs are needed, the site custodians are notified or work orders are submitted to the district's service center where district personnel are dispatched in a timely manner to make any necessary repairs.

Age of School/Buildings: Cram was built in 1997.

School and staff work hard to keep the campus clean and safe. The appearance of our school has been enhanced by exterior painting of all building, as well as additional murals throughout the campus. All school facilities are in good repair, and a litter/graffiti-free environment is emphasized by students and staff. None of the eight emergency needs specified in Education Code Section 17592.72 exist.

Below is more specific information on the condition of our school and the efforts made to continue to ensure that students are provided with a clean, safe and functional learning environment.

Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Cram is very fortunate to have the active involvement and support of our parent community. Parent volunteers support the Cram School program through our PTSA, School Site Council, ELAC, AAPAC, as well as classroom helpers, and by volunteering to serve on a myriad of committees, both at the school and district level, including, but not limited to our Safety Committee, PBIS Committee and the No Excuses University Leadership Team. There are also many family activities sponsored by the PTSA and staff that enable parent and community involvement. Some of the events sponsored by our PTSA and school funds include a school-wide Book Fair, Barnes and Noble Family Reading Night, Annual Carnival, and "Reflections Night." Staff sponsored events include One School, One Book family reading program, and the Cram Holiday Program. We connect with parents on academic performance through parent/teacher conferences, IEP, and IST meetings, phone broadcasting messages, and on-line progress reports in most classrooms. Parents are welcome to volunteer in classrooms, the Cram Creation Lab, as well and in our school library.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.55	2.61	2.45
Expulsions	0.00	0.03	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Cram School utilizes data from its California Safe School Assessment and suspension/expulsion reports to evaluate the current status of school crime. A Safe School Plan is adopted in October of each school year and is reflective of the school's safety needs.

The key components of Cram's Safe School Plan include a description of school discipline policies and procedures, dress code guidelines, suspension and expulsion policies, sexual harassment policies, child abuse reporting procedures, dangerous pupil notification, and lock down, disaster response procedures.

Cram Elementary School staff has a close working relationship with the Highland Division of the San Bernardino County Sheriff's Department who assist whenever necessary.

To ensure student safety before school, campus monitors, teachers, and administration supervise the school grounds including the single point of entry, cafeteria, and playground. During the school day all entrance areas to the school are locked with the exception of the front entrance, which is near the administration office. Signs are posted to indicate all visitors must report to the administration office and may not be on school grounds unless they have a visitors pass.

After school, teachers help to supervise outside of their classrooms, the pick-up line, and the bus pick-up area. Two teachers, and the Principal supervise the areas until all students have left the campus for home. Surveillance cameras are in place throughout the school campus to monitor various access points.

2021-22 Types of Services Funded

Currently recognized critical needs are:

Funding Due to economic factors throughout the California school community, our school does not generate some of the state and federal funds that are common to other school. We must look for other funding sources such as special grants or our PTSA and community programs such as the REP Foundation, as well as San Manuel Band of Mission Indians. Selecting and prioritizing areas of spending often requires making difficult compromises.

A strong focus on Informational Text and Conceptual Understanding in Mathematics requires cyclical professional development and planning so all students can meet grade level standards in reading, writing, and mathematics. Our Language Arts and Math textbooks and curriculum, as well as our school wide writing program will be a crucial part of this curriculum focus. This is a costly but highly effective investment for our school. Much of the money to support the new technology for our school is raised through PTSA fundraisers, school fundraisers, and grants such as those through the REP Foundation. Training for the teachers on the use of this technology, and highly effective teaching strategies is a priority for our school.

As we have entered school wide Title I, we have received Title I funding to help increase achievement in language arts and mathematics. This funding is utilized to enhance our Tier II intervention program for students who are struggling with early literacy and foundation skills, reading comprehension, as well as mathematics. Support personnel, as well as specific materials, are used to provide students with small group intervention based on their specific needs.

Cram teachers will continue to work closely to ensure all students are able to meet state grade level standards in all curriculum areas. Teachers participate 5 times per year to review district assessments on the grade level standards. In these meetings, teachers look at which students and which standards need more concentration. Collaboratively they discuss what the students are expected to learn, how they know the students are learning and comprehending the information presented, how will the teachers respond for those students who are not learning (intervention), and how will they respond if they already know the information (acceleration)

Each Cram student will demonstrate strengths and academic growth in Reading and Mathematics using a variety of assessment methods including the Redlands Unified School District Common Assessments, the yearly state standardized test (SBAC, including Science for 5th grade), observation of performance, and teacher-made assessments.

Cram students will be provided with activities that will demonstrate the relevancy of technology to their daily lives. This will be accomplished through the use of classroom technology (classroom computers, classroom laptops and tablets, and Newline Interactive Panels). Strategies will incorporate the use of our networked programs, software, Google Applications, such as Google Classroom, and Internet access. This year Cram will continue with the implementation the Cram Creation Lab, in which all students have the opportunity to visit each week and engage in projects that revolve around building, circuits, robotics and coding, as well as digital storytelling

Cram students will participate in an increased number of activities, which will improve their self-esteem, school spirit, and sportsmanship. Our Monthly University Pep Rallies, Monthly University Contests, Pizza with the Principal Lunches, "Principal's Recess", and spirit days are some of these activities. Students are able to earn Cardinal Slips for positive behavior, which they may use to "purchase" items from the Cardinal Store each Friday. or save them for entrance into monthly special activities and events.

Professional Development

On-going professional growth for staff is a priority for Cram Elementary School. Our goal for the 22-23 school year is to provide professional development is focusing on meeting the needs of all learners. This included effective Tier II Academic and Behavioral Interventions and supports, Social Emotional Learning, and Data analysis to support instruction and small group intervention. Teachers have the opportunity to attend District sponsored professional development throughout the school year, that focus on district adopted curriculum, Social Emotional Learning, Data Analysis, Behavior support to name a few. Universal Design for Learning, MTSS, and social emotional learning supports. As a staff, we will continue to spend time expanding our implementation of School-Wide Expectations and No Excuses University.

During our weekly staff meetings, we are focusing on our PBIS - Tier I and Tier II systems, bringing data and ideas to the staff on how to better celebrate students, exploring equity within our systems through data analysis and planning using state standards and the district scope of sequence. In addition to the school wide focus we have teams engaged in STEAM, Behavior Support, and Equity Teams as we continue to build systems to support all learners. This information as well as a plan for next steps is continuously shared with the staff throughout the year.

This table displays the number of school days dedicated to staff development and continuous improvement.
