## **School Accountability Report Card**

### **Reported Using Data from the 2019-2020 School Year**

#### **Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

Moore Middle School is located in the City of Redlands in Southern California and is one of four middle schools in the Redlands Unified School District. Moore opened in 1966 and consists of 16 buildings spread over 32 acres. Moore follows a traditional calendar with approximately 1,100 students (grades 6,7,8) in attendance from the communities of Redlands, Mentone, Angeles Oaks, and Forest Falls. The student body is made up of an ethnically-diverse population that celebrates varied cultural heritages and embraces multiple home languages. Although the school is nestled in the hills of Redlands within an upper middle-class neighborhood, more than half of the student population lives in poverty and Moore is a school that has free breakfast and lunch for 100% of the population. One needs only to walk the halls of Moore Middle School, though, to feel the accepting, loving culture of the campus (one of the school's major strengths identified by students, staff, and parents through surveys). The hard working, dedicated staff recognizes the seriousness of educating young people to be life-long learners and competitive in a global economy. The staff (custodians, food service workers, secretaries, instructional assistants, teachers, etc.) sees itself as a team in partnership with parents and our local community to provide quality, standards-based instruction for all students within an educational environment where caring for kids is the first priority. All staff members recognize and model appropriate, dignity-building interactions with students keeping the students' academic and emotional development as a primary focus. The staff is dedicated to meeting the needs of all students by utilizing varied instructional strategies while providing extension activities, accommodations, modifications, and other interventions to address the varied needs of each child. Teachers are trained to provide differentiated and targeted instruction based on each child's needs and strongest learning modality. Data of various forms are analyzed to assist teachers to provide targeted instruction.

MISSION STATEMENT: Moore's Mission Statement created with input by the entire staff is as follows: "Moore Middle School is dedicated to supporting the development of all students to become self-sufficient, life-long learners."

MOORE MIDDLE SCHOOL BELIEF STATEMENTS: As an educational community, WE BELIEVE

- ALL CHILDREN CAN LEARN
- RESPECT FOR SELF AND OTHERS IS ESSENTIAL FOR LEARNING
- EDUCATION EMPOWERS EVERYONE
- THE COLLABORATION OF PARENTS, STUDENTS, AND TEACHERS IS ESSENTIAL FOR LEARNING
- ALL ADULTS ARE MODELS FOR STUDENTS
- LEARNING THRIVES IN A SAFE, CARING, ACADEMICALLY CHALLENGING ENVIRONMENT

**A. Conditions of Learning**

**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: December 2020

The California State Board of Education reviews grade level textbooks and adopts those that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District through a committee of teachers and administrators. They review the materials that have been approved for purchase. Teachers at each site have an opportunity to preview texts prior to selection. Textbooks are selected and purchased on a seven-year cycle, rotating by content area. Sufficient textbooks are available for all students regardless of English proficiency or disability.

## School Facility Conditions and Planned Improvements

Students and staff work hard to keep the campus clean and safe. The three night custodians do a remarkable job of cleaning 57 classrooms, the auditorium, kitchen, library, and offices daily. Our daytime Lead custodian maintains the grounds, sets up for special events, and keeps the campus litter-free. When almost 1,200 students have lunch, we depend heavily on their willingness to clean up after themselves. The District has adopted a disaster preparedness plan. The plan includes steps for ensuring student and staff safety during a disaster, such as an earthquake or fire. The plan has been adapted to Moore and we have regular fire and disaster drills to assure a quick and orderly evacuation in case of an emergency. The majority of the Moore campus has been modernized with new paint, carpet, and lighting. If present, graffiti is removed immediately by site or District staff. The governing board has adopted cleaning standards for all schools in RUSD. A summary of these standards is available at the school office, at the District Office, or at [www.redlands.k12.ca.us](http://www.redlands.k12.ca.us). The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The school facilities are inspected monthly, and needed repairs are submitted to the District. Rooms and buildings are all adequately prepared to meet the needs of students. When maintenance and repairs are needed, the site custodians are notified and work or repair is made if possible. But, if not, District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. With COVID school closures, many of these duties have been adjusted. Our custodial team disinfects each workspace and classroom that has been used, as well as works to maintain the school grounds while students are not present. They ensure proper signage regarding safety protocols such as wearing masks, social distancing, and proper handwashing are present. With the addition of Learning Hubs, custodial staff disinfects all high-touch surfaces multiple times a day and each classroom in the afternoon.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

Mathematics (grades 3-8 and 11)	43	N/A	44	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

**Opportunities for Parental Involvement (School Year 2020-2021)**

Moore Middle School encourages parents to become involved in school in a number of different ways. Parents become involved by volunteering in the classroom and other areas on campus, PTSA (Board positions or volunteering), attending Pastry with the Principal (monthly morning meeting with the principal), participating in and attending School Site Council (monthly), attending in and holding board positions for ELAC - English Language Acquisition Committee (monthly), representing the school at DLAC - District English Language Acquisition Committee, assisting in the publication of Campus Review (online semester newsletter), assisting with Awards Assemblies, supporting and chaperoning for CJSF Induction Ceremonies and field trips (each semester), Music Awards Banquet and Concerts, Chaperone Dances, AERIES Parent Portal, Parent Surveys, Back to School Night, Open House, In-Coming 6th Grade Student/Parent Orientation, Redlands Educational Partnership, Book Fair, Science Fair Parent Night, Teacher Web Sites, Moore's Web Site, Running Club, High School Parent Nights for 8th Graders, Teacher Appreciation Week, 8th Grade Awards Night, and Marching Band Booster Club. Due to COVID school closures, many of these activities have not taken place since March 2019. However, Moore has continued to provide virtual opportunities for parent involvement including virtual PTSA Morning with McCue, ELAC, and SSC meetings. Parents are also involved in planning teacher and student grab-and-go events as well as virtual celebrations for our students. Our parents are an essential part of the Moore Community.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	9.4	10.2	2.9	3.6	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

### Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	4.83	2.16	
Expulsions	0	0.03	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

### School Safety Plan (School Year 2020-2021)

Moore Middle School utilizes data from its California Safe School Assessment and suspension/expulsion reports to evaluate the current status of school crime. A Safe School Plan is adopted in March of each school year and is reflective of the school's safety needs. The key components of Moore's Safe School Plan include a description of school discipline policies and procedures, dress code guidelines, suspension and expulsion policies, sexual harassment policies, child abuse reporting procedures, dangerous pupil notification, and disaster response procedures. Moore also works closely with Redlands Police Department who are available to assist in student safety when needed. A positive learning environment is critical to the success of Moore students. As such, strong classroom management and the development of responsible student behavior is a focus. Expectations are clearly communicated, and consistently enforced. Among the variety of behavioral interventions utilized to achieve maximum student cooperation and sustained continuous learning, parents are encouraged to take an active role in the process and parent contact is consistently implemented. A variety of student incentives are also utilized to encourage student achievement and appropriate student behavior. Additionally, Moore has a Safety Committee comprised of community members, students, certificated staff, classified staff, and administration. This committee meets on average once a month to discuss current issues and needs at the school site. Moore has also implemented the RAPTOR system to check visitors through Megan's Law Database, and print visitor passes to make visitors identifiable for all staff and students. Distance Learning has added to our reflection of safety protocols and procedures. Students are taught appropriate online etiquette and are required to use school accounts and legal names to access classes.

## Types of Services Funded (Fiscal Year 2019-2020)

---

Moore Middle School receives a total of \$217,537 in special funds for supplementary educational programs.

Moore's general fund, which provides supplies, equipment, curriculum support, etc., is \$24,954.

**Summary of Strengths:** The identified strengths of Moore Middle School include student achievement as measured by quarter academic recognition, and awards in individual and group competition, parent participation, staff dedication and increased student SBAC scores. **Student Achievement** - Students from Moore consistently win top awards in art shows, literary competitions, science fairs, Destination Imagination and the Science Olympiad. Moore's instrumental music program has repeatedly earned recognition throughout southern California, with an emphasis of a quality marching band program which is rare among middle schools. Quarterly Awards celebrations recognize hundreds of students for their commitment to academic success. The results on the California Standards proficiency tests also testify to the high degree of student achievement. **Parent Participation** - The PTSA Board meets monthly to organize support activities for staff and students and numerous parents assist in student activities and dances. Parent Education is provided at a monthly pastry with the principal covering topics such as, "40 Developmental Assets: What Are They and How Can They Be Built at School and at Home?" "Bullying: How We Can Support Our Children," "How to Support Your Child's Academic Development," and "Internet Safety." Pastry with the Principal has averaged of 30 parents each month. All teachers communicate every week regarding children's academic and behavioral performance through newsletters, web-based grading system, web sites, and more. An automated phoning system is used to contact all homes with school activities approximately every two weeks. Emails are also sent home to parents informing them of activities, and the Redlands Unified School District app is used to communicate with families. All communication is sent in both English and Spanish. Most importantly, in daily contacts, parents are supportive of school and teacher goals. Moore has a very active Band Boosters program as well. The many major accomplishments of the Moore Marching Band come as a result of the incredible support from the active parents in this booster club. **Staff Dedication** - Both certificated and classified staff members take pride in the fact that they make a conscientious effort to work together in the best interests of students. Limited resources do not limit the willingness of staff to spend the time necessary to improve our delivery system and the services provided to students. Together Everyone Achieves More is a theme which expresses the staff's goal of working together to provide a school environment which reinforces behavioral, social, and academic expectations.

**Critical Needs Three Year Student Objectives:**Incorporating the Common Core Standards into the middle school curriculum (Scope and Sequence).Making technology an integral teaching tool.Fully developed and implemented Professional Learning CommunityCorrelating school curriculum to standardized testing materials that will prepare students for testing and create optimum results.Maintaining and enhancing the AVID and GATE/Honors programs for Advanced LearnersImplementing a comprehensive school safety plan.Developing and implementing an academic program that will result in student growth for Moore Middle School.

### School-Wide Goals and Strategies

**MATHEMATICS-** All students will receive a high quality instructional program aligned to the Common Core State Standards

- Provide teachers with training specifically related to CCSS and use of curriculum for instruction
- Develop comprehensive understanding of standards-based instruction and assessment
- Continuous presentation and/or sharing of research-based effective strategies focused on differentiation
- Staff development and collaborative dialogue focused on increased rigor and student engagement

**ENGLISH LANGUAGE ARTS-** All students will receive a high quality instructional program aligned to the Common Core State Standards

- Provide teachers with training specifically related to CCSS

## Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement		6	2

Staff development is supported through the School Improvement Program. These funds allow teachers to attend conferences and also provide funds for consultants to train staff on site. The staff will also utilize staff meetings, team meetings, department meetings, and grade level content area Data Analysis meetings to address curricular and organizational needs. Additionally, when physically on campus teachers participate in staff development during a minimum day collaboration day 5 days of the school year. Moore is specifically focused on increasing rigor through collaboration and high-level questioning strategies. These areas were identified through SBAC data showing areas for growth that include problem solving, listening and speaking skills, and interacting with information text. The tools that are used to reach this goal are Thinking Maps and AVID strategies school wide. Teachers also present the use of strategies at staff meetings and lesson plan as a team to develop lessons that support rigorous instruction where all students are accountable for their thinking. In previous years, English and Math teachers have participated in professional development at the district level to further their understanding of the Common Core Standards and the new math curriculum, as well as Writing Academies with specific focus on English Language Learners, and collaboration and training centered around the transition to NGSS. Additional collaboration has contributed to successful implementation of new materials. Moore staff also participated in equity training to help learn steps to support at-risk students and remove barriers in the classroom.

Administration does regular classroom walk-throughs (virtually during distance learning) to monitor the use of the strategies through the use of Progress Adviser (during physical lessons only). Data collected is use to determine what follow-up training is needed to develop a more in-depth understanding. Follow-up meetings with the teacher and administration help to reflect on what is observed. Data from common assessments is used to monitor student progress. There are currently 2 full days dedicated to professional development, both in August 2020. These days were dedicated to training digital platforms and supporting teacher transition to distance learning. Strategies are revisited monthly during staff meetings.
