Dear Parents and Students:

Welcome to the 2021-22 school year. Last year challenged all of us to stay focused and flexible as we navigated the pandemic. This year promises to be an exciting one full of opportunities for growth and success.

As we return to an in-person instructional model, we are aware that the level of rigor may feel as though somebody turned things up a notch. This will be a normal feeling and as such we are aware that our approach to academics needs to be a delicate balance of where we have been and where we need to go. We will be working hard in the classroom to ensure that students are challenged academically and are college and career ready. At the same time, we will provide the needed social and emotional supports as we try to return to what we once recognized as 'normal'.

Although academic success is key, that success is built upon good attendance, good behavior, and good grades. We encourage students to be involved in school activities to prepare themselves for success after high school and create lasting memories of their high school years. It is important that you find a sport, activity, club, or service project that interests you and allows you to be a part of our school community. Make the most of your time at REV; you won't regret it!

At REV, we believe in core values that are important character traits for success. You will learn about the REVWAY and how you can apply the REVWAY for success both in and out of the classroom.

Welcome to the Wildcat Family, we are looking forward to a great school year!

Sincerely,

A handwritten signature in black ink, appearing to read "R. Clarey", written over a horizontal line.

Robert Clarey
Principal
