

Redlands Unified School District

March 10, 2021

Dear Redlands Unified School District Families,

I am pleased to announce that last night, the Board of Education, approved the District's recommendation to return to in-person instruction for Elementary students. Students returning to in-person instruction will report to school the Monday following the two-week Spring Break, April 5th. Students who remain in the Distance Learning program will continue to receive their instruction virtually for the remainder of the year.

Prior to April 5th, you will receive information directly from your child's school. Parents will be provided with specific information related to their school schedule, class assignment, safety protocols, as well as protocols related to arrival and dismissal and any other pertinent information. Families who are eligible for transportation will also receive specific information related to pick up/drop off locations and times.

In the meantime, if you have any questions, please feel free to contact your child's school and a school representative will be happy to provide you information. We are all very excited and enthusiastic to welcome our students back to campus and equally excited and enthusiastic to keep supporting our students who will continue to learn remotely.

Respectfully,

Mauricio V. Arellano
Superintendent of Schools
